IR

INDEX TO VOLUME ONE (1959), INDUSTRIAL RESEARCH

(Heavy numerals refer to issue numbers in volume one.)

accelerometer ... 4:66, 67

accoustics ... 1:74

advertising ... 2:62, 76, 96

aircraft ... 1:33-37, 84, 85; 2:39, 42

alloys ... 3:20-26; 4:12-18

The American High School Today (book review) ... 2:94

Another Automobile Revolution ... 4:20

anti-gravity ... 4:55

aqua-therm ... 3:12-18

Are American Steel Methods Growing Old? ... 1:19

Armour Research Foundation ... 1:63-69; 4: 53-58

Artificial Satellites (book review) ... 2:96

Austin, Dr. James B, author of *Are American Steel Meihods Growing Old?* ... 1:23

Automata ... 2:46

automation ... 1:56-61, 63-69; 2:46-59

automobiles ... 4:20-31

"Basic Research" (special section) ... 3:43-74

Battelle Memorial Institute ... 3:20-26

Bender, Welcome W., author of *The Martin Co's Wellspring of Ideas* ... 3:63

Berdick, Dr. Murray, author of *Reinforcing the Plastics Revolution* ... 2:83

Berg, Warren S., co-author of *Your Dollar Returns from Research* ... 1:78

Berland, Theodore, author of *Blue Sky Profits* ... 3:50

Bessemer furnace ... 1:25

Blue-Sky Profits ... 3:44

boats ... 2:85

Von Braun, Werner ... 4:51

Busignies, Henri G. ... 2:16

Business Decision Making ... 2:65

Camras, Marvin, co-author of *Tape Recording Today* ... 1:68

cancer ... 1:88; 3:64

Can Research Save The Railroads? ... 4:80

Carnegie Institute of Technology ... 2:64-70

chemistry ... 2:42; 3:40; 4:89

chromium ... 4:16

cobalt-60 ... 4:69

columbium ... 4:14

commuter railroads ... 4:83

Company Climate and Creativity (book review) ... 2:96

computers ... 1:16; 2:37, 53, 67; 4:89

Conant, Dr. James B. ... 2:94

Congress of the U.S. ... 3:70

Congreve, Sir William ... 4:73

construction ... 2:86

cryoton ... 2:59

decision-making ... 2:64-70

Dennis, Robert J., co-author of *Simulating Space* ... 4:67

DEW line ... 2:19

Dichter, Dr. Ernest, author of *Motivating the Technical Mind* ... 2:71

Discover ... 4:48-49

The Dream World of Space ... 4:53

Duncan, Paul ... 3:94, 95

Dunn, Clark A., author of *Research Institutes* ... 3:55

Education and Freedom (book review) ... 2:94

Elbers, Gerald W. ... 3:94, 95

electroluminescence ... 3:28-34, 88

electronics ... 1:38; 2:36, 42; 3:38; 4:32, 88

engineers ... 1:30; 2:73; 3:76-80

environmental testing ... 4:63-69

Evans Research & Development Corp. ... 2:81-86

explosion chamber ... 4:63, 65

featherbedding ... 4:81

Feazel, Dr. Charles E., author of *1959 Forecast* ... 1:16

fibers ... 1:18

The Flying Machine: a new era ... 1:32; 2:23; 3:82

food ... 1:18

Foote Mineral Co. ... 4:70-78

fuels ... 2:16, 49; 3:86; 4:26, 57, 76, 84

Gentieu, Norman P., co-author of *The Rocket: past and future history* ... 4:73

Goddard, Robert Hutching ... 4:74

Goodwin, Harry B., author of *The World's Hottest Alloys* ... 3:20; 4:12

government ... 3:68-74

gravity ... 3:65

health ... 1:10, 52; 3:39

heat resistance ... 3:20-26

helicopters ... 1:35, 36

homeostat ... 2:56

hot boxes ... 4:84

Hudson Bay Co. ... 4:63-69

Illinois Institute of Technology ... 3:76-80

infrared detection ... 3:37, 38; 4:84

Inland Testing Laboratories ... 4:63-69

Institute for Motivational Research ... 2:71-76

International Telephone & Telegraph Corp. ... 2:16-22

investment ... 2:42, 43, 78

ionosphere ... 2:20

Is there Really a Shortage of Engineers? ... 3:76

Ivey, Dr. Henry F., author of *Tomorrow's Light is Here* ... 3:31

Jipp, John, co-author of *Tape Recording Today* ... 1:68

Kaulfi ... 2:8

Kubicek, Earl C., author of *Is there Really a Shortage of Engineers?* ... 3:78

lead time ... 4:37, 38

Leverton, Walter, co-author of *Semiconductors: a dynamic new industry* ... 1:74

lighting ... 1:16; 3:28-34, 88

Little, Arthur D., Inc. ... 1:76-83

magnesia ... 4:16

management ... 1:8, 85; 2:64-70

March, James G., author of *Business Decision Making* ... 2:65

marine ... 1:29, 50

Markowitz, Dr. Meyer M., co-author of *The Rocket: past and future history* ... 4:72

The Martin Co's Wellspring of Ideas ... 3:62

Marvin, Philip R. ... 3:94

mass production ... 2:84

materials research ... 4:87, 88, 92-95

metals ... 1:14, 18, 23-29, 46; 2:33, 78; 3:20-26, 38; 4:12-18, 32, 88

military research and development ... 1:84; 3:91, 92; 4:37-40

minerals ... 2:34

miniaturization ... 1:50, 72-75

missiles ... 1:13; 2:84

molybdenum ... 3:26; 4:13

moon base ... 4:44, 45, 52

Motivating the Technical Mind ... 2:71

NASA ... 4:58, 77

Navy, U.S. ... 4:6

Newman, Alexander I., co-author of *Simulating Space* ... 4:66

1959 Forecast: $12 billion for research ... 1:12

Nitrile Silicone Rubber ... 2:90

nose cones ... 3:85

nuclear ... 1:10, 16, 48; 2:43; 3:39; 4:32, 84

Oberth, Hermann ... 4:75

Oklahoma State Univ. ... 3:53, 55, 57, 59, 61

Our Non-Scientific Government ... 3:68

paint ... 2:38

Palm, Felix ... 3:9

perceptrons ... 2:46-59

Pierce, Dr. J. R., author of *The Dream World of Space* ... 4:54

pistons ... 4:24

plastics ... 1:10, 18, 45; 2:81-86

platinum ... 4:16

pollution ... 1:10

polymerization ... 2:40, 90

post office ... 1:56-61

"Psychology in Industry" (special section) ... 2:46-76

pyroceram ... 4:92

Radler, D. H., author of *Subception or Deception* ... 2:60

railroads ... 4:80-85

rare earths ... 1:29

Raytheon Mfg. Co. ... 1:72-75
